

## QUALITY POLICY STATEMENT

It is the intention of the company to supply our Customers with products and/or services of the highest quality in order to meet or exceed their requirements and to ensure we comply with all the current statutory and regulatory requirements. We will measure our performance each month at the management meetings and address any concerns through the quality objectives that will be reviewed periodically.

The company recognises the necessity for the involvement and the co-operation of all departments, embraced by all of our employees, in the achievement of the required quality in its products and services, in order to achieve this, we update our CSIP and set regular CI activities reported back at each monthly management meeting. We promote the company values through regular behaviour based competency appraisals and by displaying them around the company.

A comprehensive system of Quality Planning, Assurance and Control is in operation throughout the company as described in the Quality Management System, and the company is fully committed to continuous improvement and customer satisfaction.

We are committed to maintaining our Quality Management Systems certification, and to ensuring that our Customer's requirements are fully met.

The quality policy statement and objectives shall be reviewed at least annually at the management review meetings.

This policy is communicated to all employees and is available to other interested parties on request.
